## **Re: Tropical Cyclone Alfred – GrainCorp Fisherman Islands and Pinkenba Terminals**

Dear Customer,

We write to confirm that as a result of the effects of Tropical Cyclone Alfred (“TCA”) and the direction from the Brisbane Regional Harbour Master effective from midday 5 March 2025 for ships not to be, or cause to be operated in the Brisbane pilot area (“BRHM Direction”), receipt and loading operations at GrainCorp’s terminals at Fisherman Islands and Pinkenba were suspended on Wednesday 5 March 2025 at around 1pm and 2pm respectively. This will remain the case until TCA and its effects pass, the BHRM Direction is revoked, and it is deemed safe to resume these operations.

Please note that pursuant to the Port Terminal Services Agreement, this is a Force Majeure Event within the meaning of clause 9.9 (in particular, and without limitation, under sub-clauses (a) – Acts of God (c) – adverse effects of weather or weather related events, and (e) Port Block Out). Accordingly the provisions in clause 9.10 apply in respect of any delays.

We will advise further when we are able to resume these operations.

Your sincerely,

**Andrew Ward**  
Head of Buyer Services
